

A little about me

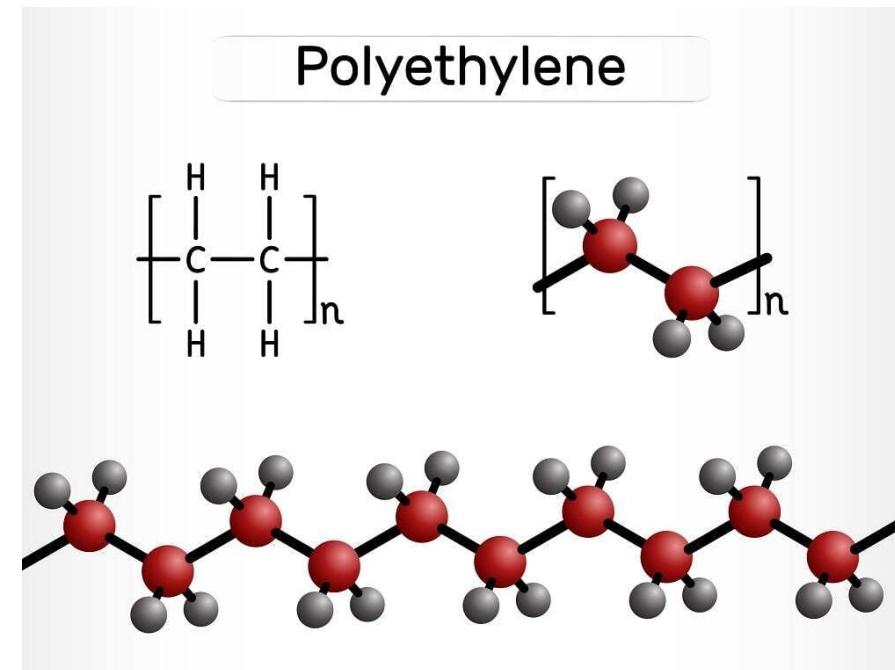

My name is Pierre &
I come from Syria.

A little about me

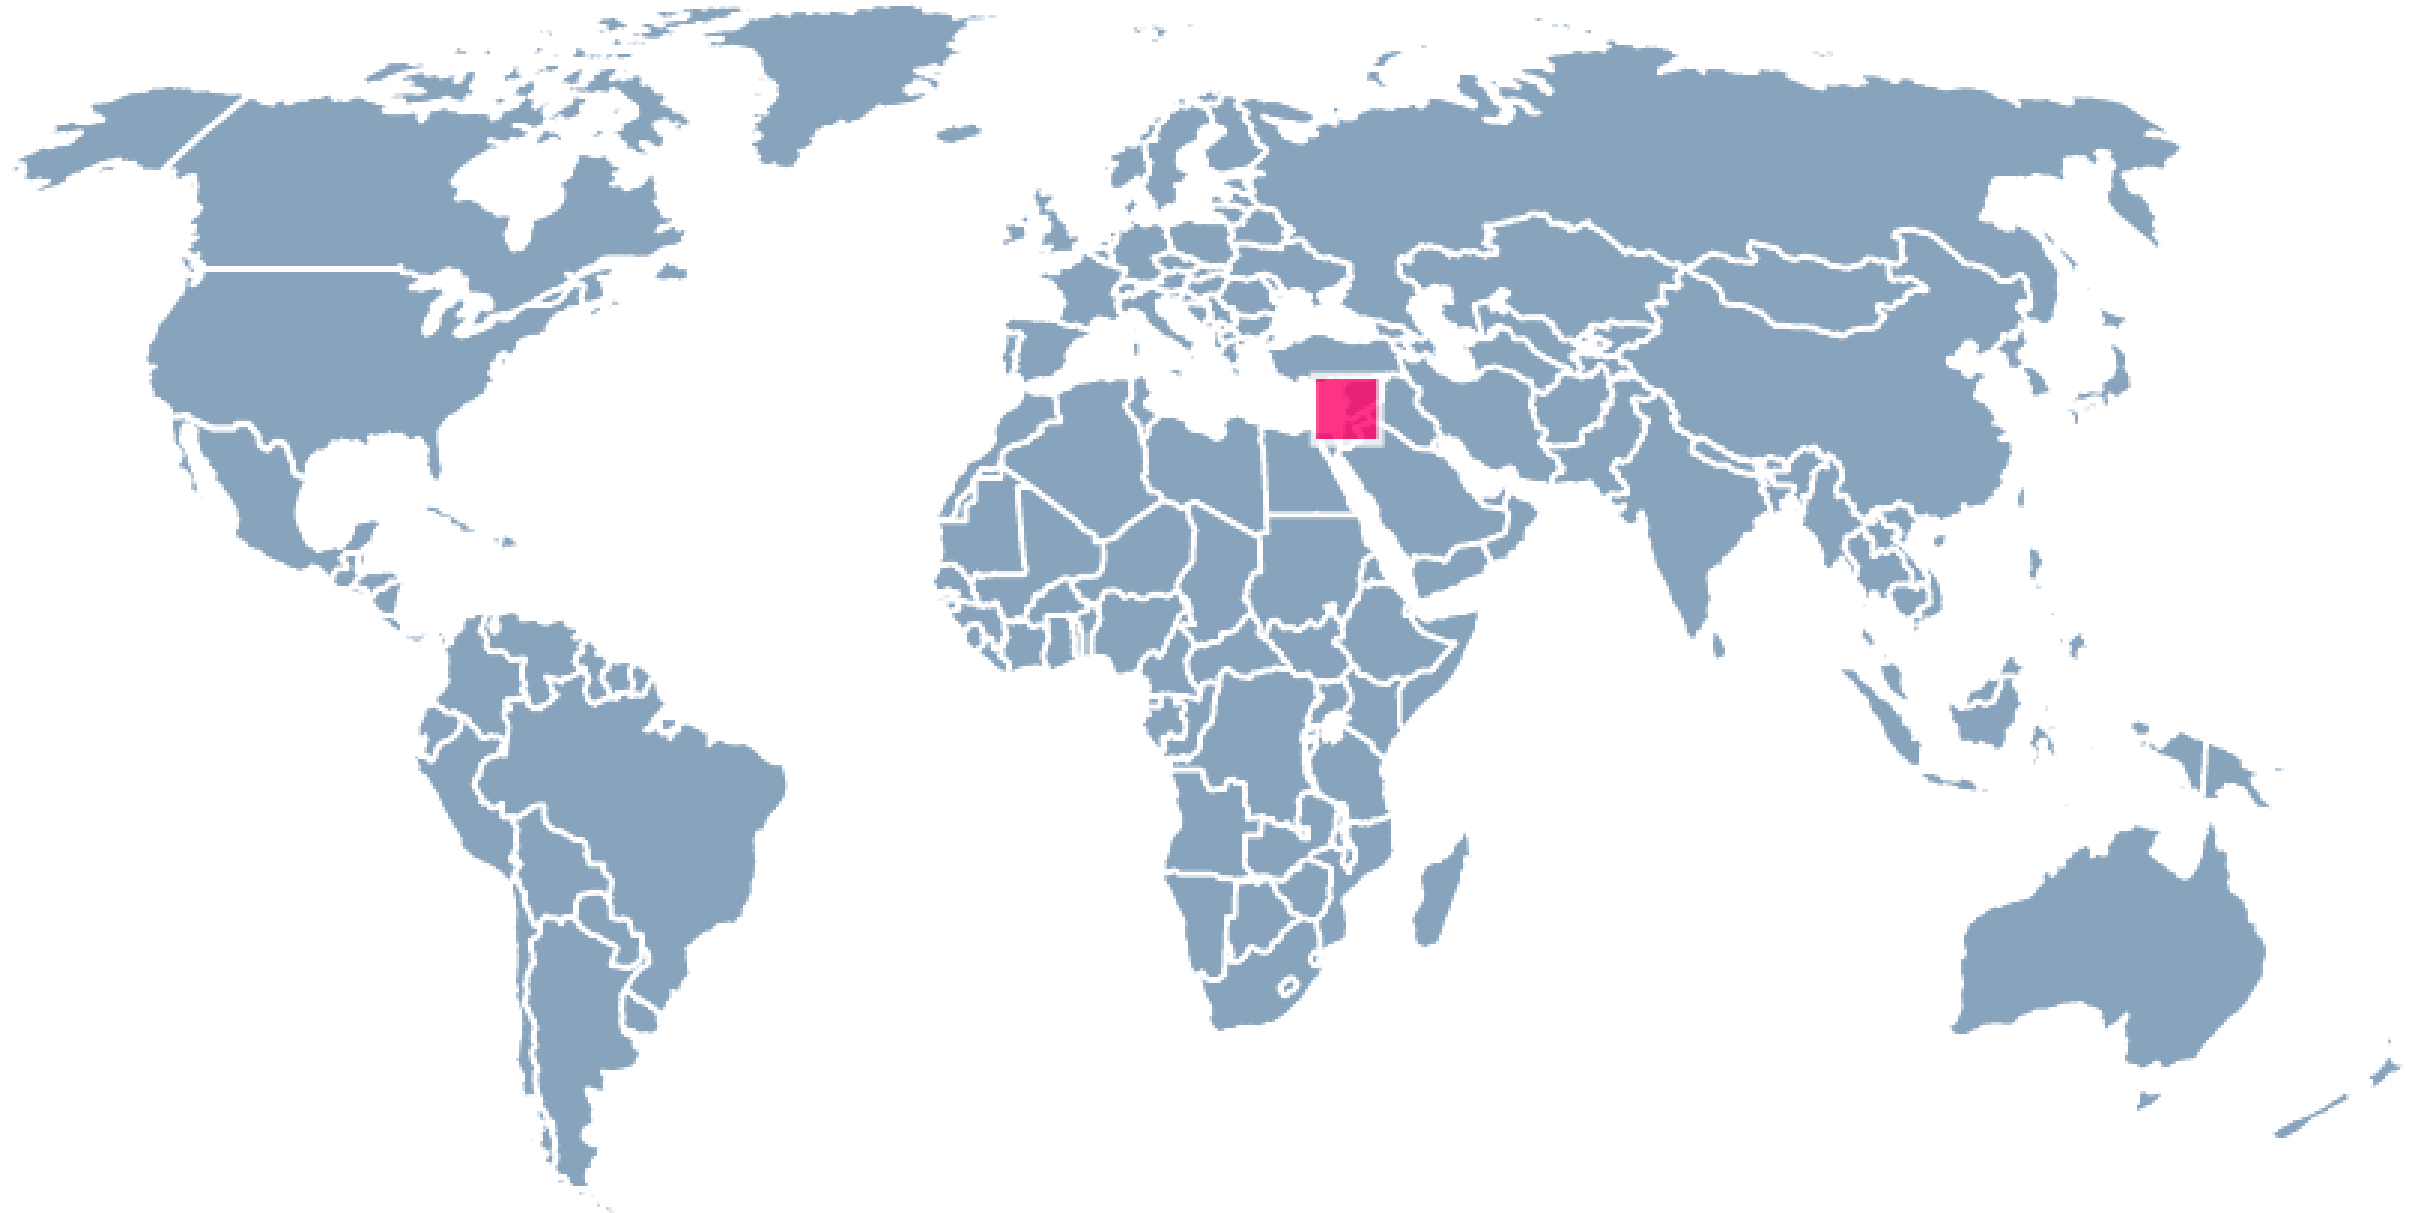

I am a Computational Polymer Physicist

- I study polymers
- Some examples are Plastics, Proteins, Rubber, DNA & RNA
- I am an Engineer & a Scientist
- I do experiments using simulations & a computer

Post-Doc

1996 – 2010
K-12

2010 – 2014
Bachelor of Science
Chemical Engineering

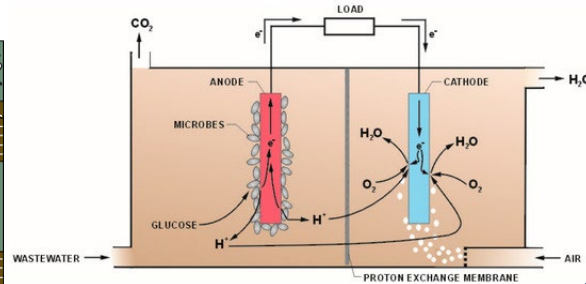

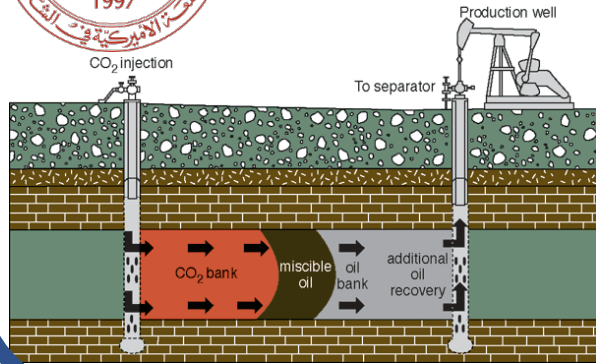

2017 – 2022
Doctorate of Philosophy
Chemical Engineering

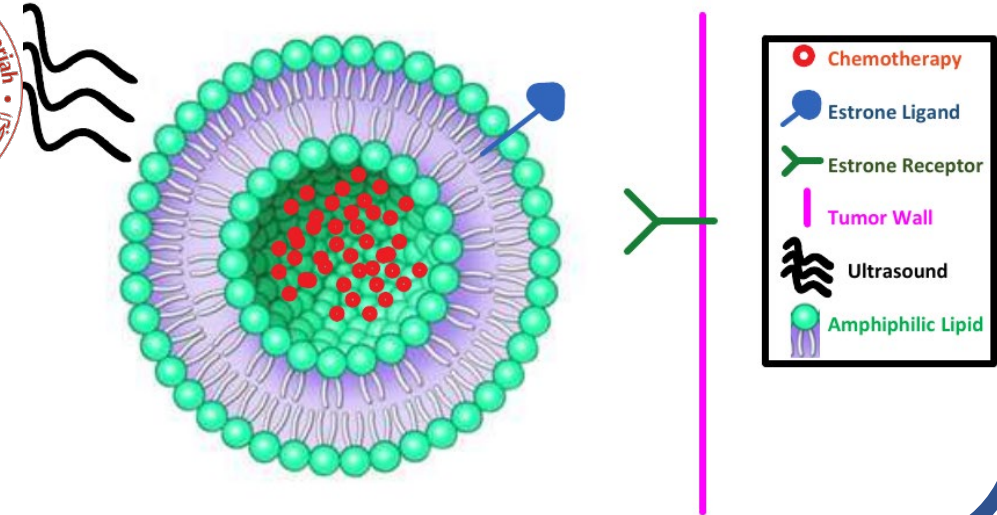

2015 – 2017
Master of Science
Chemical Engineering

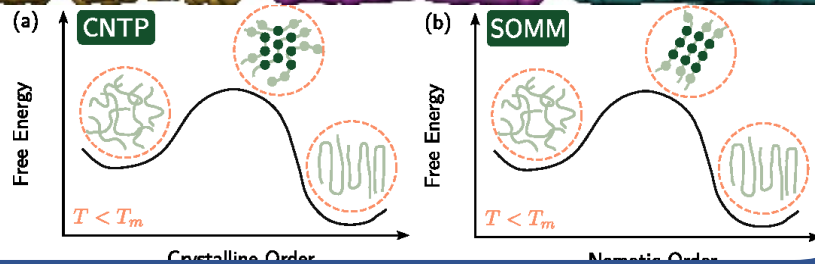

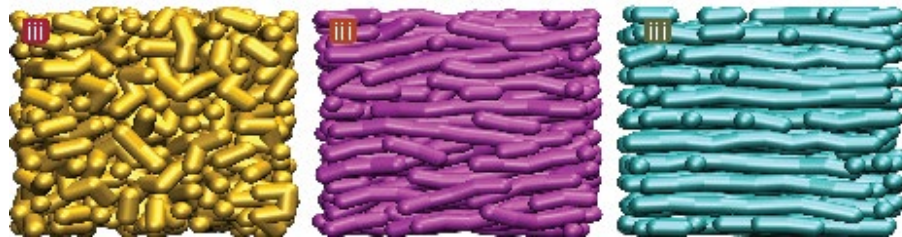

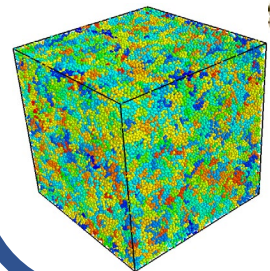

2010 – 2014 Enhanced Oil Recovery & Wastewater Treatment with Microbes

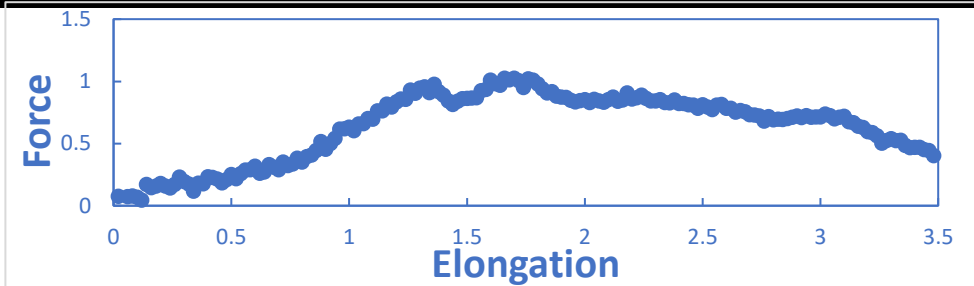

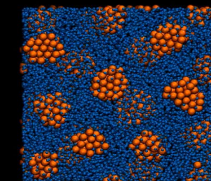

2015 – 2017 Smart Drug Delivery to Cancer

2017 – 2022 Simulation of Polymer Crystallization on a Supercomputer

2022 – 2024 Toughness of Filled Rubber

A little about me

- My name is Pierre and I come from Syria.
- I am a computational polymer physicist.
- I was born in March 1993, and I am 29 years old.

A little about me

- My name is Pierre and I come from Syria.
- I am a computational polymer physicist.
- I was born in March 1993, and I am 29 years old.
- I love Chemistry and it was my favorite subject in middle school.
